How about having Lodge Meetings one night and our monthly Dinner on another night?

Think outside the box for a few minutes here.

1. What are the pluses of having our Lodge meeting at 6 PM followed by a dinner at 7 PM. Now ask yourself if there any aspects of having them on the same night that are not so good.
2. What would be the positives of having our meeting on the second Thursday as usual and then having a dinner on another night, say the next Thursday. Now think, what would be wrong with doing this. List the negatives
3. Now look at the balance sheet and make a deduction as to which option has the most advantages.

Don't forget to let me know as soon as possible how many people will be in your party at the Chinese Dinner on Thursday, They need a rough count this Saturday.

Yours Fraternaly,
Ron - Secretary
